The MILL (Multipurpose Innovative Learning Lab) offers cutting-edge technology for the use of its patrons including: an HTC VIVE Virtual Reality system; a soundproof WhisperRoom; a Presentation Studio with green screen, lights, and a professional-grade digital camera. Any Health System affiliate is eligible to use this equipment. Please contact HSL-MILL@eservices.virginia.edu [1] for additional information or to make a reservation.

Guidelines for Reserving the MILL

The MILL regularly hosts workshops, programs, and special events that promote interdisciplinary collaboration. We are particularly interested in programs that:

- Engage users in new research methods
- Engage users with important research issues, such as intellectual property and open access
- Include researchers across disciplines
- Showcase research, especially cross-disciplinary research
- Leverage new technologies
- Are open to the entire UVA community

Decisions about use of the space are at the sole discretion of the MILL advisory group.

How can I reserve a room for my event?

Submit details of your event (date, time, number of attendees, AV requisments, catering) to HSL-MILL@eservices.virginia.edu [1]. The MILL advisory group will review your proposal and get back to you.

Occupancy

The MILL event space can hold up to 70 occupants.
Policies

- The MILL is a community space, so whiteboards are erased every morning.
- Food and drink are permitted. You are responsible for all catering arrangements, setup and cleanup.

Equipment

The MILL (Multimedia Innovative Learning Lab) offers cutting-edge technology for the use of its patrons including: an HTC VIVE Virtual Reality system; a soundproof WhisperRoom; a Presentation Studio with green screen, lights, and a professional-grade digital camera.
